

CROP-GARD®

GUARANTEED ANALYSIS 1-7-1

Total Nitrogen (N)	1.00%
1.00% Urea Nitrogen	
Available Phosphate (P ₂ O ₅)	7.00%
Soluble Potash (K ₂ O)	1.00%
Sulfur (S)	2.00%
2.00% Combined (S)	
Copper (Cu)	0.20%
Manganese (Mn)	0.50%
Zinc (Zn)	2.00%

Derived from: Urea, Phosphoric Acid, Potassium Carbonate, Copper Sulfate, Manganese Sulfate, Zinc Sulfate.

Delivered by: MICRO CARBON TECHNOLOGY®

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:
3.0% Organic Matter (derived from Leonardite)

DIRECTIONS FOR USE

• Shake well before use. • Designed to be applied by both soil and/or foliar application. • CROP-GARD® supplies phosphorus and other nutrients to crops and should be applied when tissue and soil analysis identifies the need and proper rate of application for this product. • Best results will be obtained when application is concentrated in the active root zone or on the leaf surface. • Can be applied in combination with compatible plant growth regulators, pesticides, or other liquid fertilizers. • If compatibility is in question, jar test a small quantity. • Apply foliar sprays with sufficient water to ensure uniform coverage without running off leaf surfaces. • Do not apply this product foliarly in concentrations greater than 5%. • For maximum results, apply in the early morning or in the evening when air temperatures are optimum for foliar application. • Do not apply HUMA GRO® nutrients during the hottest time of the day or to plants under drought or flood stress. • Application timing, intervals and rates may vary according to individual crop requirement, stage of development, available nutrient levels in the soil, and overall nutritional status of the crop. • Applications can be made as often as every 7 to 10 days as needed. • Consult your local HUMA GRO® Representative or other agricultural specialist for crop-specific recommendations. • Do not store this product below 10°C (50°F) or above 30°C (90°F).

This product is intended as a supplement to a regular fertilization program and will not, by itself, provide all the nutrients normally required by agricultural crops.

STORAGE AND DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse container when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

METHOD OF APPLICATION

METHOD OF APPLICATION	SUGGESTED RATE PER HECTARE Field Crops / Tree or Vine Crops
Foliar band application at 50% coverage	up to 2.5 liters/ ---
Foliar broadcast or sprinklers: solid, set, pivot, linear (100% speed)	up to 5 liters / up to 10 liters
Soil banded or injected, through drip tape or micro sprinklers	up to 5 liters / up to 10 liters
Soil broadcast spray incorporated, flood, or furrow irrigated	up to 10 liters / up to 20 liters

CONDITIONS OF SALE:

The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material.
